Claude the Cloud is crocheted in rows. The turning-chains are not counted as a stitch.

Cut yarn. Hide yarn ends.

Cloud Back-Piece

Make the back-piece the same way as the front-piece, but don't cut the yarn.

Once the second piece is finished, hide the other yarn end.

Add the safety eyes in one of the pieces, between row 11 and 12 and 17 and 18. Check that the eyes are on the same height and vertically in the middle of the piece.

Lay the pieces flat onto each other. Now crochet them together with a sc. We begin where we made the last stitch. Continue to stuff the cloud while crocheting along.

Make sure, the cloud is very firmly stuffed, especially add stuffing at the three corners. This way the cloud gets the cute round three-dimensional shape that we want.

Cut a piece of black yarn or embroidery-floss and embroider on the mouth. Then embroider on the cheeks with a few stitches.

CONGRATULATIONS!
